Transformational Links, Training and Education

Reclink Australia believes in the power of opening doors for people experiencing disadvantage, establishing transformational links that can lead to life-long change.

Whether it be mentorship, education or employment, Reclink continues to grow the range of available opportunities to those participants who are ready to take the next step.

The Transformational Links program identifies suitable Reclink Australia participants that may benefit from assistance in the pursuits of a normal life. These can be educational, vocational or coaching, or simply to assist in obtaining some part-time employment.

This year Reclink Australia continued with our Transitional Links program by providing a Certificate IV in AOD (Alcohol and Other Drugs) training course in partnership with the Australian Institute of Flexible Learning, a registered training organisation and part of Upper Murray Community Health Services. The course is being conducted in Port Melbourne and currently 15 participants will be accredited this year.

In conjunction with Sports Medicine Australia, Reclink Australia broadened its educational training programs to include an AFL Level 1 Sports Trainer course for participants in the Reclink Football Program, allowing participants to gain a valuable qualification and improve their football training skills.
